IT'S A JONAH NUMBER

"Thirty" has long been consider an unlucky and unfortunate number. For 30 pieces of silver Judas betrayed the Savior, now the Ham and Eggers threaten to betray California with 30 pieces of funny money having the words "one dollar" printed on it. Among newspapermen "30" comes at the end of the day's telegraphic report, indicating "that is all." When a newspaperman's earthly career is over, the story of his passing is, generally, captioned "30." Paradoxically, if California adopts Ham and Eggs the end has come for the State.

CALPELLA GIRL 14 YEARS OLD, DIES IN WRECK

Driver Of Death Car In Jail Facing A Felony Charge

HE FLED FROM SCENE

Ed. Gschwend Arrested In Home Of Geo. Joslin Later

Ed. Gschwend, Calpella millman, is held in the county jail on a felony charge and Edna Ruth Miller, a young Coyote Valley girl, is dead as a result of an automobile accident Sunday evening.

FATHER'S STATEMENT

"We had turned off the highway leading to Redwood Valley and, just as we reached the scales, near the depot, we saw the Gschwend machine coming toward us, at great speed. Mr. Gschwend was driving in an erratic manner. We drove to the shoulder of the paving—we were barely moving—when the Gschwend car struck us. Mr. Gschwend's car struck our machine about in the middle. The impact was so great our automobile was turned over." — Edward Miller, father of victim.

The Officer's Statement.

Traffic Officer Arif Stultz's version of the wreck was:

Edna Ruth Miller, 14, was riding on the right hand side in the rear seat with her mother and a sister. Her father and another sister were in the front seat with a brother, George Miller, who was driving. The accident happened a quarter of a mile north of Calpella on Redwood Valley road, at 6:20 p. m. Sunday, when Ed. Gschwend, of Calpella, drove over the white line and crashed into the Miller car. The car door opened and Edna Ruth Miller fell out, the car falling on its side on top of her, fatally injuring the young girl, who was taken to Ukiah General Hospital in the ambulance.

Driver Ran Away.

Mr. Gschwend's car was damaged so he could not proceed in it, but instead of waiting to see what damage he had caused or of what assistance he might be, to the injured, he fled on foot.

Placed In Jail.

Several members of the highway patrol and sheriff's office searched for him and eventually found him at the home of George Joslin across the river at Calpella. Allegedly Mr. Gschwend had been drinking. He was charged with negligent homicide, amounting to a felony and was placed in the county jail.

Has Hired Attorneys.

It is understood Mr. Gschwend has employed Preston & Gibson to look after his case.

Seceral years ago a brother of Mr. Gschwend was struck by a car owned by Dan Cohen and, at the time, Mr. Gschwend claimed he was badly injured. From his injuries he, however, recovered. A settlement was made with Mr. Gschwend and he received $5000.

WHOLE VALLEY UNITED FOR A BIG BENEFIT

Dance And Carnival Saturday Promises Record Crowd

TO PAY FOR UNIFORMS

Suits For The School Band Has Backing Of Everyone

Special Correspondence of The Press

ANDERSON VALLEY, Oct. 31.—The Student Body of Anderson Valley high school is staging a carnival dance and bazaar in the County Fair building Saturday night and is being assisted by the organizations of the valley which have, whole-heartedly, entered into the spirit of the occasion, and when Anderson Valley takes that stand the success of the venture is assured. Music for dancing will be furnished by Leroy Jewett's Orchestra, which has played here for the County Fair and Apple Show dances several years and its music, with the finest dance floor in the county, is a combination hard to beat and is bound to bring out the dancers.

Plenty To Lure You.

The exhibition hall will be used for the carnival and bazaar and, if there is anything in that line the students or other committees have not planned for, it will be surprising, as they seem to have a line on everything that will lure your nickels and dimes. Proceeds from the evening's entertainment will be used to defray the expense of uniforms of the high school band.

Back At Post.

Miss Alice LeFevre was able to resume her duties on the staff of the high school faculty Wednesday after an illness which prevented her attending institute. She passed the time at her home in the Bay region and will return there over the weekend for treatments. This was Miss LeFevre's first absence from school in the several years she has taught here.

Joined The Lodge.

Mr. and Mrs. Horace F. Mathison were initiated into Redwood Rebekah Lodge at the regular meeting last week.

MILLION AIM OF RED CROSS

Armistice Day Starts Membership Drive Toward Mark

JOIN RED CROSS

"A Million New Members" is the slogan of American Red Cross this year in its drive, to start Armistice Day, November 11, and to last until the end of the month. With the memory of wonderful work of the Red Cross during the World War still fresh in the memory of many of us, knowledge of its aid during peace times in areas such as the Dust Bowl, flooded districts, and the like, as well as in individual cases where medical care is needed, and last, but not least, war clouds hovering on the horizon, it is believed the aim set for the drive should be reached.

Local Committee.

Working under Charles Maben, field representative, Forrest Hughes is local roll-call chairman and Ronald Bowers is publicity agent. Proceeds are divided so that 50 per cent remains in the county and the other half is added to the national fund.

Accident Is Fatal For Jos. Steinberg

Joseph Steinberg, aged 41, died in San Francisco Saturday. Deceased was a son-in-law of the late Joseph Cohen, of Ukiah, and lived here at one time about a year. Mr. Steinberg leaves a wife, Henrietta, and two children. Three months ago Mr. Steinberg injured himself when, in lifting a stove from a truck, he fell and has since been in Mt. Zion Hospital. For several days before the victim entered the hospital he went about with a broken neck, unaware of the seriousness of his injuries. Five specialists have been on the case since. Burial services were held in San Francisco Sunday and interment was in Eternal Home cemetery, the services were in charge of Sinia Memorial Parlors. Dave and Dan Cohen, of this city, attended the services.

STATE PRISONS MUST NOT BE MADE TEST LABORATORIES

(The Sacramento Bee)

Governor Culbert L. Olson has set November 3 as the date for a hearing of charges preferred against the state board of prison directors by John Gee Clark, director of the state department of penology.

This places a very grave responsibility on the governor.

For the impression has gone out that this hearing is going to be nothing more than an empty pretense; that the directors already have been adjudged guilty; and that the way now is being greased for their removal from office in order that they may be supplanted with others who will be in effect "yes men" to John Gee Clark, who harbors ideas that he is a little Napoleon so far as the management of prisons and prisoners are concerned.

If this impression is verified by the fact, it will reflect no credit upon Governor Olson.

For the whole theory of the provisons of the state constitution governing prison management in California is that the board of prison directors shall not be subject to either political domination or political control. The terms of the members are fixed by the constitution at 10 years to remove them from the realm of politics and political influence.

And if the governor summarily removes the present board for no other reason than to encourage Clark's plan to make himself the little Czar of prison management in California, he will have assumed a responsibility that will shake public confidence in his own good judgment and integrity.

Nor does this procudure gain any added public favor by the increasing likelihood that its immediate objective is the removal from office of Warden Court Smith of San Quentin Prison and the substitution of some theorist who shares John Gee Clark's ideas that the way to reform hardened criminals is to pamper them.

Clark's charge that Smith is unfit to be a warden because he personally is not familiar with prisons in other parts of the United States is sophomoric; and a fitting answer comes from Smith himself, who said:

San Quentin happens to be the largest prison in the United States and most experts come here to study prison administration.

Court Smith has been in law enforcement work for 36 years. He has been a warden of California prisons since 1927. And both at Folsom and San Quentin he has gained a reputation for wise and sensible and humane, though firm, handling of very difficult convict problems.

This has been recognized by no less a person than Governor Olson himself who in a short address to the inmates of San Quentin last fall complimented Court Smith and told the assembled prisoners they had a "fine warden."

And what credentials can John Gee Clark furnish the citizenry that would indicate he is anything but a copybook theorist not so far removed from the genus of the sob-sister?

Well may the public be fearful of the results if he ever secures the power that he now covets to put his theories into effect in California.

The onus of that decision lies with Governor Olson.

And he best can reassure the public by proving that the hearing on November 3 is no trumped up affair to serve a personal and political cabal, but is being held in good faith and with the purpose of carefully weighing the evidence.

The people want the facts, not hearsay.

Nor will they condone the removal of the prison board members or Warden Smith simply that John Gee Clark may make the prisons the scene of a lot of half baked experiments in amateur penology.

THE PEOPLE UNDERSTAND IT

(The Sacremento Union)

For 36 years Warden Court Smith of San Quentin has been connected with law enforcement and prisons in California. Governor Olson now charges him with being "unable to apply modern and approved penal methods" and prefers charges against him. Such charges are Smith's reward for his service to California, more than 12 years of which he acted as the head of Folsom and San Quentin prisons.

Since Governor Olson took office John Gee Clark has been director of penology for the state and has been active in trying to oust the prison board and the wardens of the two penitentiaries. Clark, who knew little or nothing about prisons or penology before assuming the post, now is the mainspring behind the governor's political maneuver to clean out all the prison hangovers from former administrations. If Smith in 12 years of experience behind the walls has been unable to learn enough about running a prison to remain in charge of San Quentin, how does Clark become so qualified after a few months in a swivel chair.

If the Governor wants to do some investigating, we suggest he turn his searchlight on his own man Clark. Clark is on the board of prison terms and paroles. Will he deny shortening the terms and voting paroles for old offenders — some of whom have had as many as eight prior convictions? Will he deny attempting to shorten the prison sentences of certain labor agitators who were convicted in Oakland of murder? Will he deny singling out certain cases for clemency that the parole board has for years labeled as dangerous convicts who ought to be kept inside the walls? If the prison system is becoming such a mess that something must be done about it, the governor might be reminded it didn't become one until he assumed the governorship and put Clark in charge of penology.

The Valley knows Warden Court Smith. It knows him to be strictly honest, to be fair, but to be firm toward the convicts given in his charge. Smith was formerly head of Folsom, which is rated one of the nation's toughest prisons. He suppressed riots there. He ran it ably and efficiently. He was promoted to San Quentin, a bigger job with a bigger salary, because of the record he made at Folsom. It was not long after Court Smith left Folsom that another riot took place there, resulting in the death of Clarence Larkin, his successor.

If there has been any undue brutality at San Quentin, as charged by the Olson administration, we cannot believe that Smith was responsible for it. That has not been Smith's record in the past. We do know when riots start in prisons that extreme measures must be taken to suppress them. A prison head cannot permit his charges to get out of control. If he does they will not only become unruly, but they will resort to murder or any other means to make their escape. Smith has a job to do and he does it regardless of politics. He does it in the most efficient and fairest method possible. When he left Folsom he was given a sheepskin signed by all the convicts in appreciation of the treatment he had given them.

Clark, whose tendency toward liberalism of the parole laws is worrying those entrusted with the care of the prison system, might recall that early in 1936 three members of the board were kidnapped during an uprising in San Quentin and narrowly escaped with their lives. Warden James B. Holohan on that occasion was clubbed about the head and almost died from the beating he underwent. The attack took place in the dining room of the building occupied by the parole board members when they remain overnight at the prison.

There can be little respect for the law in California if paroles are handed out promiscuously. There can be little discipline inside the prisons, if those in charge of them are crucified in a political inquiry. Playing politics with a prison is playing politics with dynamite. This writer is just as opposed to brutality as anyone connected with the Olson administration. He is just as opposed to capital punishment as anyone. But he knows Warden Smith. He knows Governor Olson and John Gee Clark are attacking the wrong man when they go after Smith. That is a dirty and disgraceful thing for the state to do as a reward for long and faithful service.

The non-salaried members of The State Prison Board are fighting to prevent the prisons of this state being controlled by convicts who would abolish restraint.

YOUTH LOSES AN ARM IN AN AUTO MISHAP

Gangrene Attacks Injury And Causes A Serious Setback

Dr. R. A. Babcock's Fine Surgery May Save Lad's Life

Special Correspondence of The Press

WILLITS, Oct. 31.—Mrs. Lizzie Bartow, 74, died at her home near Shady Oaks following a long illness and for several months her case was known to be hopeless. During this illness all her children were summoned and took turns caring for her. Born in Napa in 1865, she had lived in this part of the state all her life and on the ranch north of town 34 years. She was married in 1880 at the age of 15 years and in 1932 she and her husband celebrated their golden wedding but he died shortly afterwards. Deceased is survived by 10 children and several more died in childhood. There are 25 grandchildren and eight great-grandchildren. She also leaves one sister, Mrs. Ruth Grigsby, who lives at Napa. The funeral service was conducted by Rev. C. L. Buckner and interment took place in Odd Fellows cemetery.

Youth's Arm Amputated.

Theo. Boyd, 20, of Garberville, is at Howard Memorial Hospital in a critical condition following amputation of his right arm just below the elbow. Mr. Boyd lives at Garberville and was enroute to Piercy when he met with an auto accident. His arm was badly injured in the wreck, as all of the arteries and nerves were severed. Dr. Babcock went up to Garberville and rendered first aid, but gangrene set in and the young man was brought to Willits in the ambulance. The second amputation was made to avoid contamination from gangrene.

MacKenzie-Dias Wedding.

Miss Alvera Dias and Laurel MacKenzie were married at the Catholic Cathedral in Reno last week. Following the ceremony they left on a honeymoon trip that will include various points of interest in southern California and on their return will make their home in Willits. The bride is a daughter of Mrs. Mary Dias, of Fort Bragg, and is a graduate registered nurse of St. Joseph's Hospital, San Francisco. She has held a position as nurse at Howard Memorial Hospital the past three years, during which time she acquired a large circle of friends. She was guest of honor at a gift shower which had been arranged by Miss Roberta Cook, superintendent of nurses at the hospital. The groom has lived here most of his life and is a graduate of one of our schools after which he attended Santa Rosa junior college. He is now employed by one of our service stations.

Dr. Blodgett Dead.

Dr. Walter L. Blodgett, a former well known resident of Willits died at Calistoga last week. He was a native of California and 69 years of age. He had engaged in the practice of medicine 45 years. He came to Willits in 1906 and lived here until 1913 when he moved to Calistoga. While here he was in partnership with Dr. F. G. Gunn under the firm title of Blodgett & Gunn. About 30 years ago he married Mitto Blevins, who was teaching school here at that time. Mrs. Blodgett was born and raised in Anderson Valley and taught various schools in the county before going to Willits. Dr. Blodgett retained his membership in the Willits Odd Fellows Lodge up to the time of his death. The funeral was at Calistoga and cremation took place at Oakland.

CALGARY TELLS WHAT'S WHAT

"Funny Money" Trial Brought Only Woe To Canadians

The following is a brief outline of the use of Prosperity Certificates in Alberta:

Calgary, Alberta, Oct. 18, 1939.

In June, 1936, the Alberta government (known here as the Social Credit Government) issued what were called Prosperity Certificates, which they claimed were for the purpose of facilitating the exchange of goods and services and in the public interest. The scheme was that the Government would issue $1.00 certificates and $5.00 certificates and the people would put on the former a one-cent stamp and on the latter a five-cent stamp every Thursday, said stamps to be purchased from the Government. When stamps to the value of $1.04 were placed on the $1.00 certificate and stamps to the value of $5.20 were placed on the $5.00 certificates, the Government would cash them at their face value, $1.00 and $5.00 respectively. You will see from this that these certificates were practically an addition tax, and you will know how they compare with the 30-Thursday proposal.

The Prosperity Certificates were in circulation for only a few months when the Government withdrew them and they have not been issued since. It is practically three years since this unsuccessful venture was made by our Social Credit Government and we are surprised to learn from letters we have received that advocates of your California plan are telling your people that there is a similar plan working satisfactorily in Alberta. There is no scrip plan of any kind now in operation in Alberta.

For your information I may add that many of our merchants, both wholesale and retail, declined to use these certificates and the Banks would not accept them. Strong objections were made to the Government by the Boards of Trade and Chambers of Commerce and business generally against the issue of these certificates and it was pointed out that their use would not be feasible so far as business was concerned and that the isssuance of certificates would not be in the best interests of the Province and that it was nothing more or less than increased taxation. Notwithstanding the objections raised the Government went ahead with the scheme, and as we have indicated above, it was a failure.

The fact that the Government withdrew the certificates a few months after they were in force and have not since reissued them is probably the best evidence they were not a success.

We may add that the Social Credit party was elected in 1935 on the promise they made that they would pay at least $25 per month to every adult in the province. They have now been in office since August, 1935, and up to this date they have never paid one single dollar in dividends, nor is there any prospect they will ever be able to do so.

SHEEPMEN TO STUDY THEFTS

Wool Growers To Attempt To Prevent Lamb Raiding

The Mendocino and Lake County Woolgrowers Association will hold its annual meeting at Ukiah city hall, November 15. One reason the meeting was set for that date was because the supervisors will consider the Mendocino County Dog Ordinance and this is a matter in which the sheepmen are vitally interested.

To Study Thefts.

State President Marshall Bond and other notables will be in attendance and among the subjects to be discussed will be that of the now prevalent sheep stealing and ways to combat it and the controlled burning of brush on range lands and then reseeding this land.

Mrs. Frank Valette, who has been suffering attacks of asthma, was taken to Ukiah General Hospital Saturday when her condition had assumed alarming symptoms.

Mrs. Margaret Stanley, Miss Ruth Murphy and Miss Dorothy Spurling were last day visitors to the Exposition Saturday.

HAEHL BRIDGE CONSTRUCTION IS COMMENCED

$100,000 Span Over Russian River Is Being Built

NO NEW LAKE ROAD

Supervisor Haehl Is Responsible For The Activity

Special Correspondence of The Press

HOPLAND, Oct. 31.—Construction of Haehl bridge across Russian river, east of Hopland on the road to Lake county, to replace the present narrow steel structure, has started, materials arriving daily on the site while crews are clearing banks and preparing for the work to follow. A Fresno firm has the contract and construction cost will be $100,000. The state highway division also has crews engaged in taking off two turns on Hopland mountain about 150 feet east of The Oasis. The cost of this job is reported at $4100. About half that amount will also be spent to widen a turn a short distance below The Oasis.

No New Highway In Sight.

The construction of the new span to accommodate travel between Lake county and Redwood Highway is indicative the state highway division is not contemplating construction of any new highway between those places.

Ed. Haehl Did It.

Due, almost entirely to the efforts of Supervisor Ed. Haehl, the State Highway Commission recently agreed to put in the bridge. For years efforts had been made to get an appropriation for the span without success, but Supervisor Haehl's determination, at last, prevailed. For that reason the people have agreed the bridge should be named after Supervisor Haehl.

Date Is Changed.

The card party and dinner scheduled for November 16 by the Catholic Ladies Guild has been changed to Tuesday, November 14, in order not to conflict with the date of the Hopland Farm Center meeting.

Little Boy Ailing.

Erven Vassar, Mr. and Mrs. Thos. Williams and son, Albert, motored to San Francisco Sunday where Mrs. Williams will place her son in Stanford Lane Hospital for observation and possible treatment for a complaint of several months standing.

Aside from interest in attending the dance for the sake of a delightful evening, all will be interested in contributing support to the worthy work of the host group. The Redwood Valley Fire Prevention Association has answered 25 calls during the summer, nine on the highway north of Redwood Valley intersection, seven at Calpella and vicinity and nine in Redwood Valley. Besides effective answers to these calls it has undertaken 37 controlled grass burning projects during the dry season. Equipment of the fire fighting unit is valued at $1800, and proceeds from Saturday's dance will go toward paying off the balance of $200 due.

MORE COGS IN THE POLITICAL MACHINE

OBSERVERS HAVE LITTLE TROUBLE in seeing that Governor Olson plans a clean sweep of the State Prison and Parole Administration, for the purpose of placing control of state institutions more firmly in the hands of Governor Olson, says The Santa Rosa Republican.

With ouster charges already on file against the State Board of Prison Directors as a result of the mass flogging of San Quentin prison convicts; Governor Olson's request to State Director of Penology John Gee Clark for a report on a letter from a former convict saying he had been offered a chance to buy parole, was regarded significant.

The letter set no date for the alleged proposal and mentioned no names.

Clark also heads the parole board, which has two members holding over from the preceding Republican administration. They are Fred Esola, of Saratoga, and Joseph Stevens, of Sacramento.

Olson has shown more inclination to believe what the convicts have said and written than the testimony of prison guards and officials.

Clark also has said publicly he would like to see Charles Cox removed as state parole officer, a post held over from the Merriam administration. Cox is an employe of the State Prison Board and it was considered likely that if Olson and Clark succeeded (and it was regarded as virtually inevitable) in ousting the present board, Cox would be removed in the shakeup which followed.

Throughout the inquiry into the flogging of revolting prisoners more interest has been shown in the political status of accused guards than in the welfare of prisoners.

Board Member O'Brien, of Ukiah, said: "Governor Olson has set out to convict me of being a Republican."

Along the same line the Democratic Sacramento Bee makes this really American comment:

"There is evidence the present (San Quentin) charges may have been inspired not so much by any eager desire to curtail bad practices as to pave the way for the ouster of the capable prison officials. * * * But an attempt to besmirch California's prison administration simply to get some one out and put some one else in is equally discreditable. The people want light, but not spoils politics so far as the prison situation is concerned."

While the San Rafael Independent strikes right at the heart of the situation when it says: "The real essence of the matter, however, appears to be the coveting of the approximately 550 well, or fairly well paid jobs held by freemen in San Quentin and Folsom prisons, by the State administration which, because of recent civil service extensions, has found the pickings all too thin for aspiring and, politically, deserving supporters—Unless the administration can get rid of the present Prison Board it cannot get control of the prisons and have those jobs."

HOW'LL WE EAT?

SIXTEEN WHOLESALE GROUPS, representing virtually every type of commodity from groceries, meat and drugs to hardware and clothing, have begun sending out notices which will reach every retailer in California with a warning none of the business firms belonging to the groups named in the notice would accept Ham and Eggs warrants. The official notice, which is being enclosed with every business letter, invoice and statement, reads as follows:

"To all retail merchants: The business firms belonging to the organizations listed below wish to make clear the position in which they will be placed if the Retirement Life Payments (Ham and Eggs—30-Thursday) constitutional amendment should be adopted. They would not be able to accept or handle the so-called warrants for any purpose."

Following is a list of the 16 wholesale groups who signed the warning to retailers: Golden Gate Paint and Varnish Association, Grocery Distributors Association of Northern California, Manufacturers and Wholesalers Association, Motor Car Dealers Association, Pacific Coast Garment Manufacturers Association, Paper Trades Association, San Francisco Chamber of Commerce, Stationers Association of Northern California, Western Confectioners Association, Western Merchandise Mart Association, Wholesale Butchers Association, Wholesale Drug Distributors, Wholesale Fur Dealers Association, Wholesale Hardware and Houseware Distributors, Wholesale Liquor Distributors of Northern California, Wholesale Sanitary Supply Distributors.

The 16 groups of wholesalers are said to represent the bulk of the wholesale trade in California in their respective fields. Their action follows closely on the warnings recently issued to customers by various retail groups, including the California Retailers Association.

REDWINES ARE GIVEN HONOR

Elaborate Reception Accorded Round Valley Couple

Special Correspondence of The Press

COVELO, Oct. 31.—Although Golden Weddings are often celebrated, there are not many just like the celebration which paid honor and homage to Judge and Mrs. G. R. Redwine Saturday night. After 50 years of devoted and true happiness in their home (the home they were married in, in 1889) the newlyweds still remain young, active in all community circles—never a dull moment in their mode of living. They are sterling, representative citizens, the kind that keeps the old ship on an even keel.

Nothing Is Overlooked.

Carefully planned, the celebration attended by more than 350 people, with 50 out-of-town guests,was held in the auditorium attractively decorated by the artist, Mrs. Chas. Rice. Following the processional, played by Mrs. Beulah Vie Foster, pianist, and Bobb Baker, violin, the wedding party took its place back of a Golden Wedding arch from which swung a large white and golden bell, six burning golden candles, and jardinieres of golden chrysanthemums. The double ring ceremony was performed by Rev. Charles Olson and in the bridal party were Dr. and Mrs. Marvin Andrews, Mr. and Mrs. R. C. Baker, Santa Maria, daughter and sons-in-law, Mrs. May Perry, James O'Ferrall, sister and brother of the bride, Gus Redwine, Sr., brother of the groom, Misses Esther Redwine, Edna O'Ferrall, Isabel Spurlock, Pauline Hopper, Mrs. Roland Brown. Colleen and Dick Andrews, grandchildren, were ring bearers and Lois Redwine was flower girl. The bride wore a royal blue lace gown and golden corsage. She carried a golden mesh bag and a golden bouquet.

Told Their Lives.

Master of Ceremonies — and cameraman — A. N. Moore presented G. R. Redwine in reminiscences; Lilburn I. Gibson, Ukiah, spoke on the characteristic qualities of Robert and Amy, of services they have given the public, esteem and confidence they hold among friends—and he kissed the bride. The male quartet sang beautifully—Dr. J. Edward Mooy, Will Gray, Harold Pence and Glenn T. Matthews—accompanist, Mrs. B. Vie Foster. Violin solos, Mrs. Glenn T. Matthews, accompanist Miss Neva Wettstein. Mrs. Frances Henley, Santa Rosa, who attended the 1889 wedding, spoke of fond memories (only nine from more than 300 guests are living who attended their first marriage) and these nine were present. J. R. Thomas, Ukiah, is one of the nine and spoke of hardships, the Indians, and distances traveled in those days by teams. James L. Curtis, Folsom, another member and 87 years old, delighted guests when, taking his bow, he stepped out and presented a jovial, warm, friendly greeting and extended congratulations. Duet by Mr. and Mrs. H. T. Pence; piano solos, Mrs. Beulah Vie Foster; the ladies trio, Mesdames Chas. Lovell, Frank Johnson and H. T. Pence, sang "I Love You Truly." Out-of-town guests were presented. A solo, Dr. J. E. Mooy, "Put On Your Old Grey Bonnet," with assembly singing the chorus; recessional and reception to entrance where, on white linened tables, two huge and beautiful wedding cakes, gifts from Santa Maria and Ukiah, were cut. Above them a white bell hung and ribbons canopied the tables, and it was here the Judge took exception and kissed one and all. The banquet and greetings followed while the Redwines received elaborate golden gifts.

That dwelling place is truly blest
Which hath the presence of a guest;
Although a home this house has been
'Tis more of home when frends drop in.

Those From Afar.

Other guests from out-of-town remaining through the beautiful autumn weekend were A. J. Chalfant, O. J. Broaddus, Mr. and Mrs. E. A. Eversole, Mr. and Mrs. J. R. SEES DAUGHTER IN FILMS HERE

While the entire audience was enchanted with performance of "Winter Carnival," the show sponsored by the Girls League Friday evening at The State Theatre, perhaps the most interested spectator was R. G. Parrish, father of Helen Parrish who costarred with Ann Sheridan, playing the part of "Ann Baxter," her sister. Mr. Parrish told Marion Hodel, manager of the New Cecille Hotel where he stays on his regular business trips up the highway, he has made it a habit to watch the calendar of The State Theatre and when his daughter is to appear there in a film, plans his stay in Ukiah to coincide with it. He saw her in "Three Smart Girls Grow Up" a short time ago while here.

SEABISCUIT TO TRAIN AGAIN

Famed Thoroughbred Taken From Ridgewood To Bay

A large van used for transporting Charles S. Howard's race horses passed through Ukiah last week enroute to Ridgewood ranch where Seabscuit, Mr. Howard's famous race horse, has been recuperating the past six months.

Going After Handicap.

Seabiscuit was moved to Tanforan race track for special training before he is taken to Santa Anita where his owner hopes to capture the 1940 Santa Anita handicap. The six-year-old horse, second richest money earner of all time, will begin galloping at the Tanforan oval as the first move in returning him to racing. He went out of the last Santa Anita affair with a strained suspensory ligament about three weeks before the race and has not been in training since.

In Fine Shape.

The Howard stable reported Seabiscuit in top condition. The injured foreleg is healed and the horse is only 30 pounds overweight. If he responds satisfactorily, he is expected to start in a race during the Tanforan meeting which opens November 14.

HAD PICNIC

Mr. and Mrs. A. R. O'Brien and Len Michaelson drove to the O'Brien place adjoining Orr's Springs Sunday where they picnicked, the weather being ideal.

Sidelights *of* Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is the chairman of State Board of Prisons of California.

IF YOU GANDER AFTER A DAME YOU LOSE

He came to prison following conviction on a burglary charge. After some four months as an inmate he was seen much among the groups of braggarts who devote their time relating to one another the conquests they made on women while they were free. Probably no other subject of discourse is enjoyed more by the convicts than the conversations between one another or in groups in which the appeal the relator tells he possesses, and which he exerted, when free, over the women with whom he assertedly was mixed up, is detailed in great precision. They rarely skip an opportunity to set forth how they never "ran after women"—that it was not necessary, because the women "always came to them." These yarns appeal to the sense of the sex-minded inmates and they place no restraints on what they claim.

The man I am going to tell you about was an extremist along the sheik line. To hear him explain his magnetism over women was to get the impression he was God's gift to the feminine world. They clothed him; they provided him with money and they deserted their husbands for him and to the open-mouthed inmates who sat and listened to his ability to lure women he appeared to have roamed the road of romance ruthlessly. He always had one admonition, which came at the end of his story—"Never get a 'crush' on any of them — Treat 'em rough — and never run after one of them."—"If," he always cautioned them, "you let a broad know you gander after her, she's got your goat."

Time dragged on at Folsom and the convict was sent to a road camp in the northern part of the state. One day he made his escape. He went to Redding and stole an automobile from an aged minister and, in doing so, he brutally beat the old churchman. He fled south and, after traveling 200 miles deserted the minister's machine and continued his flight in another car he found in front of a residence. He got to Oakland and held up a drugstore and later on robbed two homes.

No more was heard from him.

Weeks afterward a girl on the line at El Paso (who happened to be a stool pigeon for the police) told an officer a story about a man who had become infatuated with her and who had boasted of being an ex-convict and one who had been engaged in many violations of the law. She gave the police a good description of the mysterious one who came to see her as often as he got a chance and she told him, she thought the stranger, who was making violent love to her, had a hideout in Juarez. One night, shortly thereafter, a bulky figure was propped against the railing on the International Bridge between El Paso and Juarez and as a man approached from the Mexican side, the lurking one got into action and soon had handcuffs on him. He was taken to headquarters, fingerprinted and now he is back in prison.

The man who had boasted in Folsom he always made the dames come to him—Who averred, "If you run after a broad, you will get in trouble," had violated his code.

The French police are right—Cherchez la femme.

YOUTH LOSES AN ARM IN AN AUTO MISHAP

Carried from page 1

Willits and during all of this period he has always been doing something constructive and for the benefit of the community. About 30 years ago Mr. Schow built a number of model homes in Willits and he was among the first to insist on concrete foundations. He also built the first public hospital.

Became Apple King.

After retiring from business Mr. Schow devoted most of his energy to planting and caring for an apple orchard on his ranch on Outlet creek about three miles north of town. This venture was a success and he now owns one of the best apple orchards in this vicinity and he finds ready sale for the fruit in both Willits and Ukiah.

Trying To Control Flood Waters.

Just now he has a crew cutting brush and trees along Outlet creek for during high water this stream is a raging torrent and a few years ago his high suspension bridge was put out of commission. If all of the other people living on that creek would assist in the project it would do away with a large portion of the high water that sometimes even floods the lower end of the valley. Willits and the ranchers living at the lower end of the valley are affected and should assist in this much needed work.

Bicycle Lights.

So many children are now riding bicycles at night that the city council has issued an order all of the bikes must be equipped with a light when the children ride about town at night. This is not only a protection for the children but also for automobile drivers and pedestrians. Several near accidents have recently been closely averted for some children are very careless—In one way they are like a hen crossing a road—you don't know which way they are going to turn.

Aged Man Dies.

George W. Teale, 91, died Monday night following a short illness which was caused by his falling and fracturing his hip. This mishap would be a severe strain on the vitality of a young person and when pneumonia set in it was just too much for his worn out system.

Born in Ohio in 1848, Mr. Teale came west early in life and lived many years at Calistoga. For the past six years he had lived with a son in Oregon and up to the time of the accident was engaged in ranching, which occupation he had followed all his life. He leaves four sons and six grandchildren. The remains were taken to his old home in Calistoga for interment.

Sold Liquor To Minor.

Melvin Hanson, who recently purchased a half interest in a drink emporium here, was arrested last week on the charge of selling liquor to a Fort Bragg minor. The arrest was made by a state liquor control agent from Eureka. Both Mr. Hanson and the minor were taken before Judge A. M. Sacry and each was fined $25; all but $5 of the minor's fine was remitted.

Rev. and Mrs. J. T. Hume were called to Palo Alto last week by the death of Rev. Hume's mother.

In The City.

Among others who went to San Francisco to see the Exposition were Mrs. Frank Persico and son, Peter, Philip Colli, Mr. and Mrs. Jack Elliott and children.

Attend District Convention.

A large delegation of local Royal Neighbors attended the district annual district convention at Sebastopol last week. Following a school of instruction the local camp exemplified the initiatory ceremony in their usual splendid manner. Willits has the reputation of having the crack team of this part of the state.

Will Inspect Chimneys.

Our volunteer fire department has appointed a committee to inspect all of the chimneys in town and they will also inspect the electric wiring. Some years ago almost anybody did some wiring and it is now old wiring and faulty and the cause of some fires. Residents who wish the special protection should communicate with Fire Chief Elwin Van Cleemput or Fred Sowash. This inspection will be done free of charge.

Basketball League.

Managers of the independent basketball teams of Mendocino county met at Willits last night and discussed the feasibility of forming a county league. Representatives from Ukiah, Fort Bragg, Potter Valley, Redwood Valley, Hopland and Mendocino were in attendance and it was decided to start the series of games in the near future.

Mr. and Mrs. J. W. Smith arrived from their home in Springfield, Oregon, last week and are visiting their daughter, Mrs. Cliff Iverson. While they were here Mr. and Mrs. Clif Iverson went to see the fair and left Grandma in charge of the baby.

Attend Elk Meeting.

Father Sylvan Murphy was one of the speakers at the Bi-county Council of National Catholic Women which met at Greenwood Inn, Elk, last week. He was accompanied by Mr. and Mrs. Gus Groen, Mrs. Nellie Corbett and Mrs. Charles Gilbert. Religious training and employment of youth were among the most important subjects discussed.

Fire Season Over.

All of the fire suppression crews in the county have been laid off. These crews were located at Gualala, Hale's Grove, Hopland and Cold Springs. The camps at Northwestern, Cahto and Navarro will continue as well as the lookouts at six stations until all danger of fire is over.

Two Brite Brothers Are Seeking Pardon

Horace F. Frye, of Sacramento, attorney for John and Coke Brite, convicted Yreka murderers, announced last week he is preparing to file an application for the commutation of the brothers' sentences to time served. The Brites, whose parents, Archie and "Ma" Brite, reside in Lakeport, originally sentenced to death, were granted five stays of execution by former Governor Frank F. Merriam and last May Governor Culbert L. Olson commuted their sentences to life imprisonment. The pair were convicted of killing two peace officers and a civilian August 30, 1936.

IN SAN FRANCISCO

Mr. and Mrs. Richard S. Thompson (Frances Rea) who recently moved to San Francisco to reside are nicely settled and Rea is attending one of the city schools. For many years Mr. Thompson has been an engineer with the Western Union and is now stationed in San Francisco.

Will Owsley's Case Is Proving Graver

Will Owsley, who was taken to San Francisco last week and underwent an operation, is reported very low. Word came from the hospital Saturday the patient had taken a decided turn for the worse and his sister, Mrs. Fannie White, left immediately for his bedside.

Bought Suffolk Rams.

Larry Adams has purchased two Suffolk rams from Chas. Travers, Jr., of Humboldt county. Mr. Adams has also purchased six thoroughbred ewes of Canadian and Kentucky stock.

Breaks Neon Sign.

Louis Moschetti, of Arcata, was carrying too big a load on his truck for it was both too wide and too high and when he parked in front of the Crystal Cafe he broke off the overhanging Neon sign.

A League Party.

The Junior League will give a Halloween party at the Methodist church this week at which they will have a program and games.

MET WITH PROMINENT C. F. W. C. AND N. D. G. W. WOMEN

Mrs. Olive E. Busch and Mrs. Grace Emery Holzhauser drove to San Francisco, Monday, to be present at a meeting of the Executive Board of the San Francisco District, California Federation of Women's Clubs, of which Mrs. Busch, as District Chairman of Indian Welfare, is a member. Following the business session of the Board, a luncheon was held in the ballroom of the Western Women's Club in honor of Mrs. Thomas H. Richards, of Chico, president of the California Federation of Women's Clubs. Mrs. Anna Ronk, president of San Francisco District, presided and introduced the guest of honor. Mrs. Richards made a very forceful and thought-provoking address concerning modern social and economic problems. The beautiful and elaborate decorations for the luncheon were arranged by Mrs. Paul C. Alexander of Redwood City, president of the San Mateo County Federation. Musical entertainment at the luncheon hour was provided by a trained and talented soloist and a women's chorus of 20 voices.

On their way home, Tuesday, Mrs. Busch and Mrs. Holzhauser attended a reception given by Mrs. Harold Parker Dyer at the home of her daughter, Mrs. T. E. Spencer, in honor of Dr. Mariana Bertola. Dr. Bertola and Mrs. Dyer are both well known in this county where they have often visited clubs in their official capacities. Dr. Bertola is a past president and past state president of the California Federation of Women's Clubs and is a past president of the Grand Parlor of Native Daughters. She is one of the most highly respected and best beloved clubwomen in the state and her many loyal friends were happy to have this opportunity to honor her. Mrs. Dyer is junior past president of the San Francisco District of C. F. W. C. and is auditor of the state organization. She has numerous club and admiring friends in Mendocino and Lake counties where she was a guest of honor at the county club convention last year. She is a very beautiful and cultured woman, and a most gracious and hospitable hostess.

The reception was marked by the presence of the most distinguished clubwomen of the state and leaders in the Order of Native Daughters of the Golden West. These included Mrs. Duncan Steward Robinson, junior past state president; Mrs. Lillie Wales, past district president; Mrs. Verner R. Ronk, present district president; Mrs. Mamie Cafferata, third vice-president of the district; Mrs. C. C. Baker, president of the San Francisco District Board Alumnae Club, and many others. Mrs. Orinda G. Giannini, president of the Grand Parlor of Native Daughters of the Golden West, was in the receiving line with Mrs. Dyer, Dr. Bertola and Mrs. Spencer. Mrs. Ethel I. Begley, senior past president of the Grand Parlor, was also present. Mrs. Ann Dipple, prominent in both club and Native Daughter circles, was in attendance. These three members of the Order of Native Daughters were all here June 9, 1937, and helped to institute Ukiah Parlor No. 263, of which Mrs. Busch is charter president. Mrs. Begley was grand vice-president, Mrs. Giannini was grand marshal and Mrs. Dipple wrote the charter of Ukiah Parlor.

The attractive Spencer home, where the reception was held, is located on the crest of a hill on Chestnut street and commands a magnificent view of the bay and surrounding hills. The spacious rooms were beautifully decorated for this charming social function.

MET OLD-TIME GRANGER

While in Chico, recently, Mr. and Mrs. C. N. Snyder and Mrs. Olive E. Busch attended the Grange Memorial ceremony held under the famous Hooker Oak in Bidwell Park. This immense, spreading tree is said to be the largest oak tree in the world. Here they had the company of Mr. and Mrs. F. H. Seavey, of Gratton, grandparents of James Crosby to whom Barbara Davis, daughter of Mr. and Mrs. W. K. Davis, was recently married. Mr. Seavey said he was a former resident of Ukiah and in early days had a harness shop next the old "Blue Wing Saloon." Former friends for whom he inquired were "Anner Hagans, proprietor of the old Ukiah House; A. F. Redemeyer, bank president; Robert McGarvey, judge of the superior court; "Doc" Standley, the famous sheriff of Mendocino county; and the Jamison family, of which George and James Jamison are members."

A "FREE GOLD" STORY OF ALASKA IN KOSMOS REVIEW

Observation of over a score of years on an ocean schooner, while her husband was head of a logging industry along northwestern and Alaskan shores, have been compiled in a fascinating story, "Free Gold," by Fern Owens, and were subject of a book review at Kosmos Club Thursday as presented by Mrs. Yamond York, of this city, sister of the writer. The good ship, Driva, was told of as the center of a community housed on rafts, even to a school with special teacher. A tow boat moved loggers and their families from one camp to another, where trees, destined for the well known paper products of Zellerbach, were felled. The rafts in a storm on the ocean and the Driva washed upon rocks were among exciting incidents related.

Diversions included moose hunting, fishing, visiting lynx and fox farms and fisheries, seeing Indian ceremonials and panning gold, in which women of the company became quite expert. Mrs. Owens, who the week before last was a guest at the home of Mrs. York, has several bottles of nuggets won from Alaskan streams. She is now a resident of Seattle and her husband, Almon E. Owens, is interested in the Alabama and Jumbo Extension gold mines, officially opened in Nevada last week. "Free Gold" is now being published serially in an Alaskan periodical. Hazards in the northern waters were many, and following the death of his brother in an explosion of one of the boat engines, Mr. Owen decided to return to the United States.

The Community Clubhouse was decorated with gorgeous dogwood foliage and grape vines, the autumn tones of which were accented by zinnias and redhot pokers. Tall sprays of cane at one side of the stage completed the attractive setting. Refreshment tables were spread with Halloween colors and adorned with gayly tinted leaves. Gingerbread and whipped cream were served with coffee. Hostess committee comprised Mesdames Yamond York, May York and Hattie Corbett.

At the short business meeting presided over by Mrs. Ina Branson it was decided a rummage sale be held November 16, 17 and 18, proceeds to swell the fund for philanthropic work of the club. Mrs. Yamond York was named general chairman of the sale.

BETROTHAL REVEALED AT A HALLOWEEN EFTE SATURDAY

Half a hundred guests were gathered at the attractive ranch home of Mr. and Mrs. E. F. Hawn, 11 miles south of town, Saturday evening, where a delightful Halloween party was the occasion for announcement of the engagement of Miss Orletta Hawn, charming daughter of the host and hostess, to Francis Edwin Oden. The interesting news was made known at the buffet supper, which followed an evening of dancing, when a jack-o-lantern bowl containing nuts wrapped in orange celophane, within which were slips of paper inscribed with names of the betrothed couple, was passed among those assembled. The table was adorned with gold and bronze chrysanthemums and orange and black crepe paper in motifs of witchery were gay decorations about the rooms.

Miss Hawn is a popular member of the younger set here. Following graduation from the local schools she received a diploma from a Beauty Academy in San Francisco, and now is proprietor of her own beauty establishment in Ukiah.

BENEFIT MATINEE, TOO

Neither time nor change has lessened the appeal, beauty and entertainment of "Little Women." Five years ago this motion picture based on Louisa M. Alcott's classic novel made its appearance. Fans stormed theatres and international acclaim was lavishly bestowed. Now this outstanding picture is being brought back to The State Theatre November 17, and has been chosen by the Catholic Ladies League as a benefit show to be sponsored by the group. Because of its universal appeal to all ages, the League is arranging to have it shown at a special matinee as well as in the evening.

Everyone will remember the story of the March family, revealing development and ennoblement of the four sisters, Jo, Meg, Beth and Amy. All the characters are introduced, including Marmee, Professor Bhaer, Laurie and Mr. Lawrence. Their tragedies and joys, plights and plans, are unfolded with the beauty of the original story. Katherine Hepburn as Joe, Frances Dee, Jean Parker, Joan Bennett, Henry Stephensen, Spring Byington and Douglas Montgomery are in the top-notch cast. THE
HAM and EGGS
DICTATORS!

What Do You Know About Them?

Nearly every intelligent voter, who reads before he votes, knows by this time that extravagant pension provisions of the Ham and Eggs scheme are just bait for the trap. The gold brick promise of 30-Every-Thursday is simply the come-on, designed to camouflage the fact that this Communist-backed program would give its promoters absolute power as DICTATORS OF CALIFORNIA!

What Are the Records of These Would-Be Dictators?

HERE ARE THEIR RECORDS:

Willis Allen, director of the Ham and Eggs movement, was convicted in Federal Court in 1937 of misuse of the mails for fraudulent misrepresentation in a hair-tonic promotion scheme.

His brother, Lawrence Allen, co-director of Ham and Eggs, was on the front pages just a year ago on asserted forgery charges.

DO YOU WANT "THE ALLEN BOYS" AND THEIR TRIBE AS DICTATORS OF CALIFORNIA?

Nathan T. Porter, the Ham and Eggs "banking expert," was president of the defunct National Thrift Corporation when it went bankrupt a few years ago, wiping out millions of dollars in savings of 30,000 small investors.

DO YOU WANT MR. PORTER AS HEAD OF THE PROPOSED HAM AND EGGS BANK — FINANCED WITH YOUR MONEY AND AS SOLE CUSTODIAN OF YOUR TAX FUNDS?

Wake up, voters! California has been a good, clean place to live. Let's keep it that way. California wants no would-be Huey Longs. And California wants no part of the ruin and disaster that would follow enactment of the Ham and Eggs plan.

TRAVELOGUE

(BY E. V. A. MURPHEY)

Recently in the Science building on Treasure Island I had the unexpected pleasure of meeting my good friend, Mrs. A. R. O'Brien, of Ukiah.

Until this time I had not realized that my friends knew little about the work which I have been doing for Carson Indian Agency, Nevada.

Since June 15 I have been making a botanical study of range plants and grasses for Carson Agency. Uncle Sam has provided the Indians with cattle—to be paid for on a reimbursable plan—and I have been cruising the three great reservations, Pyramid Lake, Walker River and Fort McDermitt, in search of specimens relating to stock programs and Indian-use plans, also another ranch area where Carson Indian School will teach practical agriculture and stock raising to young Indians in its charge.

In my daily work I have gathered herbarium specimens which have been pressed and mounted in scrapbooks, together with all possible information collected about the plants in question. This work is much like what I did in Wild Flower Study for Superintendent J. W. Taylor of Mendocino county a year or more ago.

Owing to the lateness of the season and an unusually dry year, it was an intriguing race against time to get into a given area, collect, and go on to another district before seed should be shed out or plants blown to bits by the baking desert winds.

It is likely that Thanksgiving will see me home in Mendocino county with my work completed until Spring comes again to Nevada.

It has been a long stretch of busy days and nights. It was good to see home faces and hear some of the news of Mendocino county.

While I was talking with M. Rene d'Harnoncourt, director of the Federal Indian Exhibit, Mr. and Mrs. Frank Johnson, of Covelo, came up and we had a delightful visit, resting our feet at the same time. It was a great disappointment not to see more Covelo people. Mr. and Mrs. Arthur Anderson, of Covelo, were at the Indian marketplace. Mr. Anderson is chairman of the Covelo Indian Council and is a sort of official host to Indians from everywhere.

When five o'clock came I returned to the Indian Lodge on Yerba Buena where Miss Mildred van Every, U. S. social worker, had arranged a dinner so that various Indian Service officials might meet some of the Indians who were working at their crafts on the Island. Atalea, a real Indian princess, Chickasaw, was there and there was a Navajo couple, he a silversmith and she a rug or blanket weaver, and a charming little boy, all friendly in a shy way they were much Indian silver, belts, etc.—An Oklahoma old couple from Anadarko and another middle-aged pair from South Dakota were present. All the men wore long hair, in a clubbed braid bound with red, and Indian costumes and jewelry. Mr. and Mrs. Black Horse, the Sioux couple, were buckskin workers; she had a row of silver butterfly clasps heading a full flounce on her skirt.

After dinner we gathered in a big circle and first one and then another Indian couple sang and then all together sang and danced in a perfectly unembarrassed manner. The high throaty quaverings brought back vividly other evenings on mountain and desert with no roof but the stars, where time was not an element to be considered, but song and dance went on and on until the sun came up and the crowd melted away.

My friends told me there were some herbarium specimens in the Science building. To my great delight they turned out to be specimens collected by great botanists. There were 30 mounted specimens and the group belonging to each botanist was placed beneath his oil portrait with a painted scene of his time and a short biographical sketch of his work.

John C. Fremont, topographical engineer and botanist, was the name which interested me most, for I had followed in his tracks in Nevada and northeastern California and had traveled on horseback over most of the geographical feature named for him in Nevada—Fremont's Trail—between Pyramid and Winnemucca Lakes. It was he who discovered and named Pyramid Lake, 1843 or thereabouts, as he was on his way to Oregon. His little howitzer is still somewhere near Carson City. With Kit Carson for guide, Fremont crossed the Sierras south of Tahoe. Here a packmule loaded with botanical specimens collected on the journey from Fort Hall, Idaho—a 2000-mile journey—fell off a cliff and was lost with several thousand specimens. In a small way I know how to sympathize for often I have strained every effort to arrive in time to secure certain plants only to find that fire, sheep or the march of progress in the shape of road crews had ruthlessly destroyed my treasures.

David Douglas, the "Man of Grass," was pictured, cone in hand, standing beside the Douglas fir named for him; on the ground were his dogs, his presses and his saddle bags—1830 was the date with this.

Thomas Coulter, 1831, was the first botanist the California desert knew. He worked only from San Francisco south—One of his specimens was the Screwbean, Prosapis pubescens. This is one which I have recommended planting in an area where a river is to be straighened and in the filled-in ground, it is desired to use shrubs and plants to furnish shade and control erosion.

Lovers of the California poppy would like to see the portrait of Johann Friedrick von Eschscholtz, who in 1816 sailed with von Kotzebue of the Russian Navy and gave his name Eschscholtzia to our state flower.

W. H. Brewer, botanist and geologist of California, was there too. I saw no mention of Brewer's oak, but I'm sure it was named for him, as Coulter's pine was for him.

Archibald Menzies cruised coastal California in search of plants, 1792-1794, and gave his name to many species.

In the Nevada building Lost City fascinated me—a city now lying peacefully under the waters backed up by Boulder Dam in Lake Mead. Here were souvenirs of a basket-making people, turquoise and shell jewelry and an affair like a stone doughnut—it, according to its label, was a firemaker, perhaps a fire drill operated on dry stuff beneath the hole. I have one just like it, bough: at Weitchpec on Hoopa Reservation, made of light lava rock and have always been told it was a net sinker.

Among the treasures of this by-gone day was a tiny cradleboard made of clay, thumb size, and with the doll beside it. How could anything so small and so fragile survive the devastation of time and the elements!

Coming back to the present day the Nevada pavilion furnished the information that the tax rate in that state is 58 cents on $100 assessed valuation. Las Vegas bulletin gives divorce information on request, but anyone eligible to marry may do so pronto, without delay!

Colorado had an historic scroll which was conceived by a Legionnaire and dedicated "To all who have aided in the progress of communication." This was signed by the President and the Governors of all 48 states. It was flown from one state to another and had 248 hours actual flying time. There was a replica of Pike's Peak and the railway and travel upon it.

I liked the Montana building best. There was a breezy feeling about it and their exhibit was completely harmonious. I bought some prints of Charlie Russell's pictures and another of the Montana State flower, the Bitterroot which grows in Nevada. It grows, too, on Frank Johnson's range and at Lightning camp, where Mrs. Lloyd Brown first showed it to me, or was it Casoose creek? It is white there, not pink, as it is in Nevada.

While I was in the Montana building unseen music played and sang "Home on the Range." I told the attendant that must be in my honor. At the Inter-Tribal Council at Stewart recently I heard one old Indian stockman ask another: "How you call that Plant Lady?" "I dunno her name," the other answered; "we just call her Home on the Range."

Aged Californian Is No Ham-Egger

Only a few days and we can vote against a measure that would ruin every industry in California. I was born in California 81 years ago and would be grieved if such a disastrous and unjust law as $30-a-week would be written in the Constitution of the state of California.—Nelson Requa.

VIEW RESULT OF BURNINGS

Farmers Visit Potter Valley Ranch Control Burned

The Range Improvement Committee of the Mendocino County Farm Bureau met here Friday. Every Farm Center in the county was represented and the principal topics discussed was controlled burning of brush and the best varieties of seed for the growth of grass on this burned-over land.

Saw The Result.

Following the meeting the party motored to Potter Valley where it looked over a ranch on which controlled burning had been practiced 20 years and different varieties of grass have been experimented with. State Forest Ranger R. G. Strickland came from Sacramento to witness this demonstration and County Forest Ranger Bruce Hufford was in the party. The State Department of Forestry and the stockmen are now working in harmony on the subject of controlled burning.

JAP APPLE BUYER IS A CHECK MAN

Healdsburg authorities brought about the apprehension of Dick Sato, a Japanese apple buyer operating in this county, and he has been returned to Sonoma county for passing worthless checks.

TO ENJOY VACATION

Miss Fannie Kelly left last night on the Greyhound bus for San Francisco to pass a few days with friends and will then go on to Los Angeles, to see her brother, going from there to her destination at Riverside for a month's visit at the home of her mother and sister. Early in October the engagement of Miss Kelly to Wayne E. Crawford was announced and, while no date has been set for the wedding, it is expected to take place shortly after the bride-elect returns to Ukiah next month.

HAVE COME HOME

Mrs. Jack Caylor, Mrs. Ralph Pennock and Mrs. George Myland, of Point Arena, have returned from Long Beach where they attended the Eastern Star ceremony.

COAST STILLS WERE RAIDED

Almost $1000 Fines Levied On Four Offenders

The efficiency of "Tib" Fiske as an enforcement officer is indicated by the result of raids on the Mendocino coast the past week when four stills were captured and fines aggregating $1000 imposed on operators. In addition some grappo and supplies, together with the stills, were confiscated. The raids were carried on by Federal Agents John Ure and Norman Austin, of San Francisco, and Harold W. Elliott and F. L. Fisk, of the liquor control division of the State Board of Equalization.

Gathered The Evidence.

The information on which the raids were made had been gathered by Enforcement Officer Tib Fisk, whose knowledge of outlaw liquor operations exceeds that of any official in northern California.

Where Plants Were.

The initial raid was made on the property of Joe Elmoni, a half mile east of Point Arena. There the agents found a 10-gallon still, complete with supplies and materials, and a small quantity of grappo. Mr. Elmoni was taken before Justice James Moungovan, of Point Arena, and fined $250, half of which was suspended. On the Charles Scaranella ranch, one mile east of Manchester, the agents located a 25-gallon still, complete with condenser and coils, and a half gallon of grappo. The still had not been in use for some time, the agents reported. Mr. Scaranella also was taken before Justice Moungovan and assessed a fine of $250. The agents raided the Charles Galletti ranch, three miles south of Elk, where they found a 25-gallon still, a 15-gallon still, burners for their operation and a pressure tank. Mr. Galletti was taken before Justice C. M. Walker, of Cuffey's Cove, and was fined $250, it was reported. The stills and equipment were removed to the Santa Rosa headquarters of the State Board of Equalization for disposal.

AT GATHERING

A gorgeous bouquet of golden chrysanthemums was the golden wedding gift to Mr. and Mrs. Clem Heryford Monday from faculty members of the Ukiah grammar school, where Mr. Heryford is property custodian. The couple was married October 30, 1889, by Justice of the Peace Tom Rawles in Anderson Valley, and after many years of ranching there moved to Ukiah in 1920. Sunday they held open house and were greeted by many old friends, and Monday they entertained at a family dinner attended by Mr. and Mrs. Burnam Heryford and daughter, Betty, Mr. and Mrs. Theodore Heryford and daughter, Mary Anne, Mr. and Mrs. Harvey M. Other bond issues in municipalities or counties require a two-thirds vote.

WILL HAM 'N' EGGS WARRANTS CIRCULATE?

Important Statement: THE SUCCESS, OR TOTAL FAILURE OF THE "HAM 'N EGGS" PLAN LIES IN THE ANSWER TO THE ABOVE QUESTION

Let's give the proponents all the credit due them for their expressed desire to alleviate present conditions; and also for a normal amount of human intelligence. Then let's examine the plan with an open mind, TO SEE IF IT CAN POSSIBLY WORK. These are vital questions:

Will YOU Accept Warrants as Wages?

ANSWER: If this plan is to succeed, there must be within our State a universal and continuous acceptance of Warrants. To fulfill their purpose as a medium of exchange, they must pass readily in the various channels of industry, trade and professions, between producers, distributors, and consumers. **They cannot be rejected** in any considerable area, or by any influential industry or trade, **without disruption to the plan and eventual failure.**

Warrants, being issued weekly, must get into circulation weekly. They must be spent immediately; for if held, they suffer a tax of 2c per Warrant per week; and if banked, they depreciate at the same rate. **PAYROLLS, therefore, become the chief, natural and logical channel** through which to get Warrants weekly and immediately into circulation. Following are some points to consider:

HOW MANY WARRANTS WILL BE ISSUED? WHAT IS YOUR SHARE?

The total number of Warrants to be forced into circulation depends upon the number of 50-year-old citizens to be retired under this plan. Estimates vary from 500,000 to 1,000,000, which would call for an issuance of somewhere between 780,000,000 and 1,560,000,000 Warrants per year. There are roughly 2,000,000 gainfully employed workers in California, **so each worker's numerical share would be somewhere between 7 and 15 Warrants per week.** There would of course be other channels of circulation, but this rough estimate is enough to show that **Warrants can make a good sized hole in Labor's weekly pay envelope,** if Labor agrees to accept them as wages.

WHAT WILL IT COST TO ACCEPT WARRANTS AS WAGES?

To keep a $1.00 Warrant in circulation and retire it at the end of a year as planned, will cost 2c per week for stamps, or $1.04 in lawful money for the year. Call that taxes, or interest on the use of Warrants as a medium of exchange, **the cost figures 104% per annum, on the face value of Warrants issued.**

The Warrant originates as a free gift to some one retired on a pension under this plan. It is presumed the pensioner will immediately exchange this for goods and services, **the cost of which must necessarily be covered some way.** That process consists of collecting from a large number of people the small sum of 2c per Warrant per week. According to the promoters, this process is painless, but according to arithmetic, the accumulative effect is staggering.

To put stamps on 780,000 Warrants a year **will cost the public of California $811,000,000 a year. That is nine times the total of the yearly Sales Tax collected now.** Business alone cannot stand up under that terrific load. And neither can Labor assume it alone, **for that cost figures an average of $400.00 per year for every gainfully employed person in this state.**

In the end, you will pay your share of this cost. You will pay it directly, by buying stamps yourself, or you will pay it indirectly as a hidden cost, concealed in the rising prices of things you buy. **And at the same time, there is available DOLLAR BILLS of the U. S. A. to serve as a medium of exchange. If you demand dollar bills for your labor, you can keep them as long as you like and spend them for what you want without paying one penny of taxes or interest for their use. WILL LABOR VOTE FOR WARRANTS AS WAGES, OR FOR DOLLAR BILLS?**

WHAT ELSE DOES THE ISSUANCE AND ACCEPTANCE OF WARRANTS ENTAIL?

If this plan is to work, Warrants will have to be generally accepted by everybody, not just merely by merchants. You housewives may have to accept them in change. If you hand a grocer a $5.00 bill for a box of matches, you may be shocked to have him hand you four Warrants and the small change in cash. Upon your vigorous protest, he might have to say to you, "I'm sorry, madam, but my tills are stuffed full of Warrants, and I'm all out of dollar bills."

The fact of the matter is, dollar bills will disappear like magic, for in Economics, Gresham's Law affirms bad money will always drive good money out of circulation. If 780,000,000 Warrants ever get into general circulation, as hoped by some, you can bank on it there will be no good money floating around, and the problem of making change will be one big headache.

Can MERCHANTS Accept Warrants for Goods?

ANSWER: California is an agricultural State. **The vast majority of goods we use** (excepting only food stuffs) are either manufactured wholly without our State, or processed within it from essential materials manufactured without it.

No supplier of goods without our State will accept Warrants as payment. And no processor of goods within our State can accept them if his materials supplied from without the State, constitute a large portion of his cost of production.

As a test of this reasoning, an Orange County Department Store recently contacted eighty of its principal suppliers of merchandise, asking them if they would accept Warrants in payment, either wholly or partially. **Their answers were completely 100% NO.**

As a further test, the employes of this Department Store were asked by the management if they were willing to accept Warrants as wages. **Again the result was completely 100% NO.** If a merchant cannot replace his goods or pay his employees with Warrants, his opportunity of getting rid of them will be strictly limited. He might eventually find himself out of business, and his employees out of jobs.

The results of another Orange County poll are equally significant. In a certain community, the members of a business organization consisting of Doctors, Dentists, Retailers, Auto Agencies, etc., were asked if they would accept Warrants in the conduct of their business as a medium of exchange for goods and services. **The 174 answers received were again completely 100% NO.**

Comments on the proponents recently announced conversion plan for changing Warrants into dollar bills are made elsewhere.

Can BANKS Accept Warrants?

ANSWER: NO. Banking laws will not permit our National and State Banks to handle Warrants of this type. These "Ham and Egg" Warrants are not money, nor are they guaranteed by the State. **They are backed by NOTHING MORE THAN THE HOPE SOMEBODY WILL ACCEPT THEM, and pay the 2c weekly taxes accruing.**

Now the promoters of this plan anticipated this by providing in the Amendment for a new type of a chain Banking system for California. It is to be called the "Credit Clearing Bank." It can accept Warrants for deposit, but Warrant deposits must be kept entirely separate from cash deposits. Checks drawn on Warrant accounts are payable only in Warrants. This Bank is to act as the sales agent for the 2c Warrant redemption stamps as well as the disbursing agent for Warrants, and depository for Warrant redemption funds. All Warrant transactions therefore will be centered in it, in its various branches throughout the State.

THE FATAL OBJECTION to opening a Warrant Deposit checking account, however, lies in this: The Act makes it mandatory upon said Bank to reduce all such deposits of warrants at a rate of 2% per week, in lieu of the 2c per week stamp tax. To see the effect of this, take a farmer for instance, who sells his crops once a year, yet must provide reserve funds for current living and future crop expenses. Suppose he should accept Warrants for his crops and deposit them. **At the end of only one week his Warrant account in the bank has shrunk 2%, and at the end of six months, the Warrants have shrunk to 50%** of their face value. At the end of a year, all face value of what Warrants are left in his checking account will have disappeared and he will be owing the Bank 4c per Warrant.

Another function of the Bank, according to the "Ham and Eggs" plan, **is to act as the sole depository** of all California's public tax funds. At present, these funds are on deposit in various Banks, **perfectly secured** by collateral in the form of Government bonds of the U. S. A. **to the super extent of 110%** of such deposits. These funds now draw interest, yielding a revenue to the State approximating $2,000,000 per year. **The "Ham and Eggs" plan however does not make any such provision for interest payment nor such security.** There are approximately $325,000,000 of public funds in our public treasuries and Banks available for transfer into this new Bank, and the security called for by the Act is a fidelity bond on the Administrator to the extent of $50,000.

A DICTATOR for California: The Act provides that Governor Olson must appoint a Mr. Owens or a Mr. Kindig as Administrator of the "Ham and Eggs" plan. **The power of this Administrator is almost unlimited.** He can call Special State Elections at will, to amend the plan at any time. He appoints a Chief Deputy Administrator, who will serve as President of the newly formed Bank. He appoints enough other Directors to control its Board of Directors, with himself as the chairman. **He is not responsible to our Governor, nor to the Legislature, nor to the Courts of our State,** which are explicitly forbidden in the Act to interfere in any way in the establishments of this scheme. He even names the State Tax Commission which makes the rules and regulations for its operation. He serves without re-election until 1944, but is subject to recall (if that means anything).

The extent and power of this DICTATORSHIP is clearly evidenced by the fact that already, in advance of election, the very Amendment upon which we will vote November 7th, and which the Administrator will be duly sworn to carry out, **has been modified by simple flat.** The Act itself provides that a Warrant must contain 54 two-cent stamps to qualify for redemption, which cannot take place "sooner than fifty-three weeks" (Section 14) from date of issue. But recently there has been issued "Regulation A, Rule 1" changing that. Said Rule 1 affirms that Warrants, outstanding only 30 days, and containing only 10c worth of stamps upon their backs, can be exchanged for face value ($1.00) in cash.

There is no possibility of so completely changing the intent and meaning of the Law by flat, except by Dictatorial powers granted under it. So VOTERS, BEWARE! Have Messrs. Owens and Kindig already chosen their hand-picked Tax Commission which makes the rules, and by collusion in advance adready agreed upon other rules not published?

For instance, after California's tax funds, NOW ALL IN LAWFUL MONEY, have been transferred to the new "Credit Clearings Banks," what is to prevent the Administrator and his hand-picked Tax Commission from announcing Rule No. 2—a decision to borrow such lawful funds to support the demand for cash under Rule No. 1? **To redeem 10c Warrants with dollar bills will require plenty of lawful money,** for there is 90c difference to be made up from some source. **The new 3% Tax on Gross Incomes will not provide it, FOR THAT TAX ALSO IS PAYABLE IN WARRANTS!** Dollar bills for 10c Warrants! When will the gullible public ever cease falling for gold bricks?

Just one other point about the new Bank: **Control may be automatically self-perpetuating.** Section 18 (2) prohibits the voting of the shares of its stock by proxy. If and when the stock is all sold, there cannot be less than 10,000 stockholders. **Every stockholder will have to travel in person to the Annual Meeting place, and personally vote his stock. Which, of course, means there never will be held a legal Annual Meeting,** where, by a majority vote of all stockholders, new Bank Directors can be elected. The original appointees may therefore serve for life. Q. E. D.

NOW THIS IS EXTREMELY IMPORTANT: If Warrants do not circulate, or if our Federal Courts declare the Warrant illegal, what need is there of this elaborate new banking system to handle them? We would still have on our hands a debt of $20,000,000 to start it plus $700,000 expense money to set up the plan—cumbersome, expensive, useless, **and DEFUNCT as far as its original purpose is concerned.** It is further proposed to issue and sell to the public $50,000,000 worth of stock in the new Bank out of which the $20,000,000 indebtedness is to be paid off. But who, under World War conditions, and economic turmoil in our State is going to buy stock in a new and untried Bank run by unknown men?

Then WHO Will Accept Warrants?

ANSWER: All Tax Collectors in California (except Federal) are compelled by the Act to accept Warrants at face value ($1.00) in full settlement of all taxes, provided only that the full quotas of stamps are pasted on them to date of presentation.

A 2c stamp on a piece of paper will pay $1.00 in taxes. That sounds ridiculous, but it is what the "Ham and Eggs" plan permits. At any tax paying time, the current weekly issue, requiring only one 2c stamp on the back of each Warrant, can be tendered and will be accepted for any taxes due, except Federal, at face value ($1.00). The consequences of this are set forth below:

SUMMARY---WHAT IS LIKELY TO HAPPEN?

1st. A GENERAL REJECTION of Warrants in the channels of industry and trade is inevitable. The optional acceptance of Warrants, except for tax paying purposes, is the plan's FATAL WEAKNESS.

2nd. The validity of Warrants as legal tender will undoubtedly be challenged in the Federal Courts, but this cannot be done by the processes of law, until after election. Pending that decision, and due to the uncertainty, California will undoubtedly face increasing tax delinquencies or postponement of payment.

3rd. If the Federal Courts decide Warrants are legal tender for taxes in California (except Federal), **it is inevitable that tax payers will seek to secure Warrants as cheaply as possible for tax-paying purposes.** With a tremendous supply, and a limited demand, the price at which they may be obtained will fall.

4th. It is not inconceivable that an extensive "bootleg" business in depreciated Warrants may spring up. This would make it possible, for a few cents on the dollar, to meet all California taxes, and stuff our public treasuries full of paper of doubtful value.

5th. Under such conditions, how could our State and Local Governments function? In fact how could they presently buy anything in California, when Section 12 of the Act requires anyone doing business with the State or its political sub-divisions to accept, at the option of the State, 50% of their pay in Warrants? **When cash is all gone, how can the State feed its prisoners, or support the aged and unemployed, or pay its employees, or school teachers? What will happen to public services? Will our schools have to close?**

6th. THE WAGE EARNERS of California will indirectly be left with the burden of the new 3% tax on Gross Incomes. This new tax is in addition to the Sales Tax and all other taxes when transactions are made in lawful money. **It will apply, over and above certain exemptions, to everything sold,** from which cash is received, in both the wholesale and retail markets of California, by every person, firm, association, partnership, or corporation. It applies on food, gasoline, clothing, real estate, stocks and bonds, farm products, airplanes, etc. **It might even apply to the income of Churches** and Colleges, for the Act does not exempt them.

IF WARRANTS ARE DECLARED ILLEGAL, his 3% Gross Income Tax still remains, and BECOMES PAYABLE IN CASH. Business cannot absorb it. **THE TAX WILL BE HUNG AROUND YOUR NECK, MR. JOHN CONSUMER PUBLIC, BECAUSE YOU VOTED IT INTO OUR STATE CONSTITUTION.** And it can never be taken out except by initiative Legislation.

7th. This 3% tax on Gross Incomes will pyramid on everything made in California, of products grown or manufactured here—thus tending to drive industry out of the State. Industry in California would have difficulty in meeting competition. In **FOOD LINES IT WILL BE ESPECIALLY BURDENSOME, and thus injure the very people tha need help most.** In a can of peaches, for instance, there will be concealed 3% paid by the grower, 3% paid by the cannery, 3% paid by the wholesale distributor, and 3% paid by the grocer who sells finally to you. The present Retail Sales Tax applies only once—to the ultimate consumer. That is what we mean by pyramiding the tax, **AND IT WILL ALL BE HUNG ON TO YOU, Mr. John C. Public, for you voted it into our State Constitutuion.** This is all in the "Ham and Eggs" plan.

8th. THE WORST SUFFERERS, under conditions of economic chaos, will be the aged and those on relief, the very ones whom this "Ham and Eggs" plan was designed to help. **It cannot accomplish its avowed purpose of protecting the aged, but on the contrary it will endanger our present pension system, and all other State and Federal Relief.**

9th. The plan is IMPRACTICAL AND UNWORKABLE for this simple reason: Acceptance of Warrants by Government is OBLIGATORY, **but acceptance by Industry, Trade, and the Consuming Public is purely VOLUNTARY.** To expect the public VOLUNTARILY to accept Warrants in lieu of dollar bills is contrary to human nature, reason, and experience, WHEN VOLUNTARY ACCEPTANCE WILL ENTAIL SUCH TREMENDOUS COST. People do not volunteer to pay taxes; they must be compelled by Law to do so.

10th. Economic Chaos Leads to Social Chaos. Witness Russia, Germany, Italy. Witness Stalin, Hitler, and Mussolini. **"Ham and Eggs" WILL NOT WORK. THERE MUST BE FOUND SOME OTHER WAY.**

A WARNER 1st NAT'L PICTURE

STAUNCH DEFENDERS OF ZINDERNEUF

When wild hordes of Touaregs attack Fort Zinderneuf, Foreign Legion outpost, in the rousing new production of the great adventure-romance, "Beau Geste," the brave brothers "Geste" lead the gallant defenders. This picture will be seen at The State Theatre, Sunday and Monday.

"BEAU GESTE" A LUSTY TALE OF GALLANTRY

A roaring, lusty tale of the indomitable gallantry of three loyal brothers will blaze across the screen of The State Theatre when Paramount's great new production of "Beau Geste" is presented Sunday and Monday.

A Superb Cast.

Gary Cooper, Ray Milland and Robert Preston are starred in this glorious picturization. With Cooper, Milland and Preston cast as the three "Geste" brothers—Beau, John and Digby, respectively—the picture tells how they gallantly join the French Foreign Legion to avert having the finger of suspicious point at any of them as guilty of the theft of a valuable sapphire, the "Blue Water," from their guardian. In the Legion there is desperate conflict between the brothers and the mad, brutal sergeant, Markoff, played by Brian Donlevy, who, suspecting one of the brothers has the gem in his possession, determines to get it for himself.

Drives Men To Mutiny.

The picture reaches high peaks of adventure when Barkoff, having chosen only Beau and John for duty at isolated desert Fort Zinderneuf, gains command and drives the men to mutiny with his savage treatment. His efforts to force Beau and John to shoot the leaders of the mutineers are interrupted by an attack by a wild desert tribe, the Touaregs. The ultimate fate of the brothers Geste and of the jewel is explained in an exciting flashback in which Digby figures prominently.

Earl Rucker, prominent dairyman of Willits, was here Saturday.

Local Publisher Faces Busy Week

President A. R. O'Brien, of the State Prison Board, went to Folsom Friday to attend a Prison Board meeting Saturday. Wednesday Mr. O'Brien, as Chairman of the Roads and Traffic Committee of the Golden Gate Bridge, will preside at the Pacific Greyhound-Marin county-Golden Gate bridge conference at which adjustment of rates over the bridge will be attempted and on Friday Mr. O'Brien, with other Prison Board members, will attend the starting of a hearing at San Quentin at which Governor C. L. Olson will hear charges against the Prison Board. These charges, because of their political smear by the Olson administration, have become a scandal and are rocking the state.
